

The California Center for Sustainable Energy (CCSE) administers California's Clean Vehicle Rebate Project (CVRP) funded by the California Air Resources Board. The goal of the CVRP is to promote the production and use of zero-emission vehicles, including plug-in electric (PEV) and fuel cell vehicles. Learn more about vehicle rebates by visiting: www.energycenter.org/cvrp

Join the California Center for Sustainable Energy, CleanTech OC, the City of Irvine and the South Coast Air Quality Management District for a free workshop on

Plug-In Electric Vehicles: Innovation, Incentives and Infrastructure

Saturday, March 10, 2012 | 10:30 a.m. - 1:00 p.m.

City of Irvine City Hall | 1 Civic Center Plaza | Irvine, CA 92606

This workshop is a one-stop shop for information about:

- Vehicle incentives - up to \$10,000 for eligible vehicles!
- Southern California Edison's plug-in electric vehicle (PEV) rates and programs
- Updates on regional PEV planning
- Life as a PEV owner — hear it from your neighbors on the drivers panel

Stay late to experience some of the newest PEV models in person!

Registration for the workshop is greatly appreciated.

Register today at www.energycenter.org/cvrp-events
